SUPPLYING INSTALLING  
AND COMMISSIONING

**The easiest way to save  
money is to waste less  
energy**

## ABOUT SIC

SIC (Supplying, Installing, and Commissioning) was established in 2019 to address the growing demand in Egypt for highly specialized services in the fields of building automation and smart home systems. Our expertise spans engineering, design, procurement, programming, project management, installation, and after-sales support.

Through our expertise in systems integration, a robust procurement policy that ensures the quality and reliability of every component we supply, and our unwavering dedication to client satisfaction, we can meet the needs of our clients on a custom-built basis. To secure reliable sources of supply and technical support, we proudly represent several internationally recognized manufacturers and suppliers of related system components and accessories.

SIC was able to build a close working relationship with its highly diversified channel partners with diversified clients, public utilities in addition to private sector.

SIC employs KNX Certified Engineers, Professional Back- end Programmer and Professional Strategic Consultant.
